CALENDAR MONTH: The 1st day of the month until the last day of the month. All volume and commissions are based on the current calendar month.

COMMISSION TERMS

QUALIFIED: You must have at least 100 Personal Volume (PV) to be considered Qualified. An Advisor that is not qualified may receive Customer Commissions (weekly payout), but is not eligible to receive any other bonuses (monthly payout).

LEVEL: An Advisor's spot in a team's downline in relation to other Advisors above or below you.

NET RETAIL PRICE (NR): The price of our products if they were purchased at full retail price. This value is the same for Retail customers, Society+ Members, and Advisors. In cases of special promotions or discounts, the Net Retail may be reduced from the normal full retail price.

QUALIFYING VOLUME (QV): The value assigned to products to help determine how much volume has been sold. This value is used to help calculate the qualification for your rank. Shipping and tax are not included in volume calculation. QV for Society+ Members will be 85% of the price paid excluding shipping and taxes.

PERSONAL VOLUME CAPPED (PV): The total Qualifying Volume (QV) from your own orders and personally sponsored customers. This volume is capped at having no more than 250 Qualifying Volume from your own personal orders. This volume is only used for qualifying for certain ranks and the Personal Volume Bonus.

PERSONAL VOLUME UNCAPPED (PVU): The total Qualifying Volume (QV) from your own orders and personally sponsored customers without a cap. This value is always equal to the Qualifying Volume.

GROUP VOLUME (GV): The total Qualifying Volume (QV) from your own personal orders and your entire downline team. Group volume helps determine monthly Pay Rank and Rank Advancements.

COMMISSIONABLE VOLUME (CV): A value that is assigned to all products. Prestige Sterling Advisors and above are paid a commission percentage on their downline based on the commissionable volume of their sales. The Commissionable Volume (CV) is 70% of the Qualifying Value (QV) for Retail Customers, Society+ Members and Advisors.

VOLUME SOURCE: Each Advisor you personally sponsor (each Level 1) is a Volume source. Your own Personal Volume is also a volume source. If Ashley is an Advisor and personally sponsors Megan, Megan is one of Ashley's volume sources. Ashley's personal volume also counts as one of her volume sources.

COMMISSION TERMS

MAX VOLUME RULE (MVR): This rule caps the amount of volume a single volume source can contribute to a rank's Group Volume threshold at 50%. For example, to qualify as a Select Advisor, an Advisor needs 1800 GV. The Max Volume rule caps the amount of volume that a single leg can contribute to this threshold at 900. This rule ensures that an Advisor has a balanced downline.

OUTSIDE VOLUME RULE (OV): Beginning at the rank Select Sterling, an Advisor needs to have at least 20% of their Group Volume requirement come from outside of their two strongest volume sources. For example, if an Advisor wants to promote to Select Platinum, 1000 of their 5000 GV requirement must come from outside the two highest volume sources.

RANK ADVANCEMENTS: Promoting to a higher Advisor title in a calendar month.

PERSONAL VOLUME BONUS: A bonus that can be earned by hitting a certain Personal Volume Capped (PV) amount in a calendar month. This bonus is paid out monthly and you can earn up to an extra 20% in bonus commission.

CAREER TITLE: The highest title you have achieved and abides by all of the requirements for the Requalification Policy. A Career Title is unchanging unless an Advisor is Ultimate Platinum+ and is not paid as that Rank for 6 months.

LEADERSHIP LEVEL: Leadership level is the rank Ultimate Advisor and above. At leadership level you will have access to the Leadership Advisor Forum, receive extra bonuses and other special perks!

PAY RANK/PAID AS TITLE: You are paid at the Advisor title for which you qualify for during the calendar month. The requirements to be "Paid-as" a Title is the same as the requirements to promote to that Title. If in any period you do not achieve your Career Title level, you will be paid at the title you qualified for during the calendar month. You will retain your Career Title, but will be paid as the title you have qualified for!

GENERATION: A team that starts with an Ultimate Platinum Advisor or higher and includes everyone below them until the next Ultimate Platinum Advisor or higher level. They are still considered a Generation even if they are not paid as (it goes according to Career Title).

CLAWBACK: When products or items are returned within the returns policy, the Commissions issued from the transaction are reversed.

BONUS STRUCTURES

LEVEL BONUS

A commission percentage is paid on an Advisor's downline based on their Pay Rank they have achieved each calendar month. The greater the Pay Rank, the higher the commissions an Advisor will earn on their downline levels.

- Depending on an Advisor's pay-rank, they can receive a percent of their downline's Commissionable Volume (CV).
- (For example, a Select Advisor is paid 9% of their Level 1 Advisors (personally sponsored advisor) and 3% of their Level 2 Advisors.)

COMMISSION POLICY

COMPRESSION POLICY

When an Advisor is canceled or leaves Beauty Society, all of their downline and customers will be moved up to their upline sponsor.

REINSTATEMENT POLICY

If an Advisor cancels or resigns they can request to come back. If the Advisor wants to be under the same upline they can come back at any time, but will not get their downline or Career Title back. If the Advisor wants to come back under a different Advisor they will have to wait six months after the day they resigned and will still not receive their original downline or Career Title. If an Advisor returns under a different downline, they must re-purchase the Legacy Kit and start their account over.

REQUALIFICATION POLICY

If an Advisor is Ultimate Platinum Advisor level or higher they must be paid as that rank within the last six-months. If not, their Career Title will be demoted to their Paid-As title in that sixth month.

NEWGENQ RULE

If an Advisor wants to qualify as a Legacy Sterling Advisor and above they must follow all the qualifications for that rank advancement, including this new rule. This rule just ensures that a high ranked leader (such as Legacy Sterling and above) acquires a new first generation (Ultimate Platinum Advisor) or higher every rolling 18-month period.

- Until an Advisor acquires a new first generation (Ultimate Platinum Advisor) or higher within an 18-month period they can only qualify to be a Legacy Sterling Advisor.
- This new first Generation Advisor has to have hit Ultimate Platinum Advisor for the first time within the 18-month period, or their Career title had to have been demoted in the past and then they requalify as Ultimate Platinum Advisor in that 18-month period.
